

Air heater **Airtherm**

Article-Nr.: 140-112-x-x (no EX-Version)
 140-32-x-x (EX-Version)

Product overview

Controller

Technical data:

Controller:

| | |
|----------------------------------|---------------------------------------|
| Mains connection: | 230 VAC, 150 mA |
| Fuse protection for supply line: | max. 6A |
| Protection: | IP40 |
| Protective class: | Protective earth connection (Class 1) |
| Permitted ambient temperature: | 0 – 50°C |
| Permitted relative humidity: | max. 90%, non condensing |
| Temperature control range: | bis max. 95°C |
| Sensor input: | PT100 |
| Output for air heater: | max. 750 W (3,5 A) |
| Dimensions (LxBxH): | 20x13x8 cm |
| Weight: | 2,0 kg |

Headpiece with heating cartridge:

| | |
|---------------------------|-------------------|
| Protection: | IP 65 |
| Ignition protection type: | EX e (T3, T4, T5) |
| Operating voltage: | 230 VAC |
| Rated power: | 500 VA |

Airtherm hose:

| | |
|---------------------|-------------------|
| Air pressure range: | up to 8 bar |
| Length: | freely selectable |
